About Us

For wholesalers, we provide various materials of different types and colors, as well as different patterns, more suitable for your local market. For brands, we can regularly develop high quality and environmentally friendly new products to develop your brand. For small business, we offer products and shipping with no minimum order quantity. For bathroom cabinet factory, we design, customize countertops and sinks for you unique bathroom cabinets.

Excitingly, we've expanded our product offerings to include Italian wash basins. This new addition aligns with our commitment to providing comprehensive interior solutions, ensuring the same level of quality, innovation, and modern design that defines CORECK. Experience the synergy of functionality and aesthetics as you explore our enhanced product line, where each piece is crafted to inspire sophistication and style in your spaces.

Quality is Priceless We are here to serve you.

Fireproof And High Temperature Resistant

Contact with high temperature objects without deformation and odor

Stain Resistant And Easy Cleaning

Dirt-resistant and stain-resistant only need wet towel Wipe and clean as new

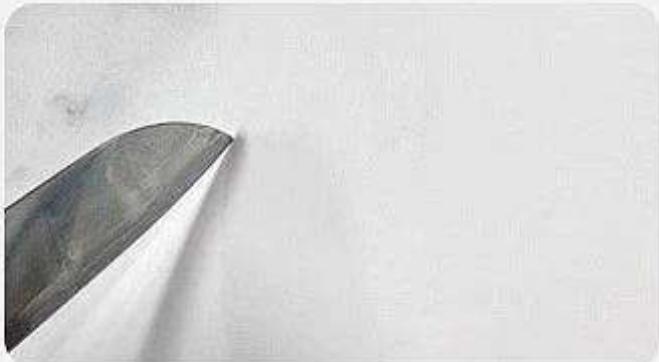

Why choose us ?

After various tests, both the material and the quality can make you feel comfortable and durable

AI level fire performance

Resistant to 1280 ° high temperature, no longer need heat insulation pads, no fear of potential safety hazards of bursting due to uneven heating.

Mohs hardness level 7

The slate is as solid as a rock, even if it is scratched with a knife, it will not leave marks, and it will look like new after a long time.

Food grade environmental protection material

Food can directly contact the countertop, no harmful metal substances.
